EPI Instructors

- EPI Group have been assisting the Oil and Gas industry in its exploration for hydrocarbons over the past 29 years – we are ISO9001 and BS EN 18001 accredited, and in 2013 we were awarded the Queen's Award for Enterprise – during that time we have amasses a wealth of experience in our field which we are now able to share with our clients in the form of training courses which are delivered by our industry experts.
- Our Instructors typically have 20+ years industry experience, working in the field as well as management roles. This gives vital real life understanding alongside appreciation of operational, feasibility and budgetary constraints.
- Each course comes with a package of handout material and can be run in the UK or at our client's own offices.

Get in touch today, EPI Group will be happy to put together a bespoke package suited to your team.
