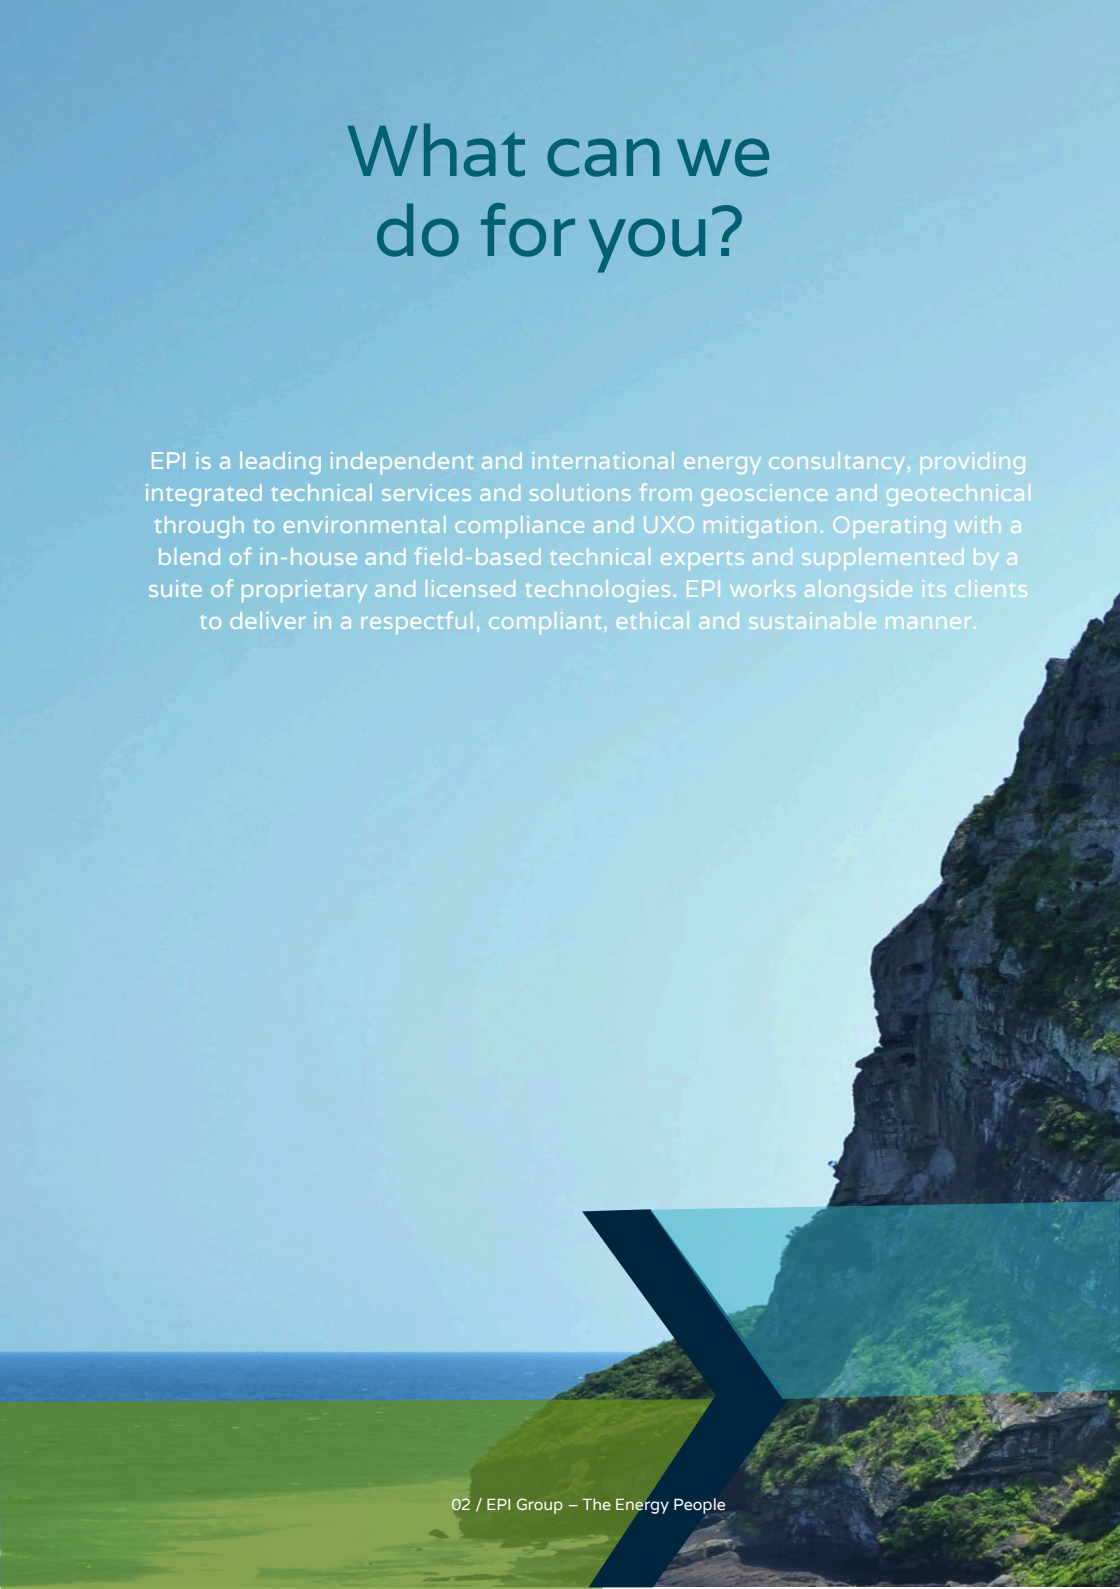
EPI Group
The Energy People
A Carbon Neutral Company

Capability Statement

www.epigroup.com

What can we do for you?

EPI is a leading independent and international energy consultancy, providing integrated technical services and solutions from geoscience and geotechnical through to environmental compliance and UXO mitigation. Operating with a blend of in-house and field-based technical experts and supplemented by a suite of proprietary and licensed technologies. EPI works alongside its clients to deliver in a respectful, compliant, ethical and sustainable manner.



Services Listing

Geoscience

Seismic interpretation and prospect mapping

Prospect inventory development and resource evaluation

New ventures / basin screening

Play fairway analysis

Seismic sequence stratigraphy & facies modelling

Core analysis / logging / XRD facies

Reservoir modelling

Petrophysics

Reservoir engineering

Drilling, completion and production optimisation

Interpretation of geologically complex basins

Sequence stratigraphy and sedimentology

Structural geology

Basin & charge modelling

Exploration-focused fieldwork

Inversion and Neural Network Capability

Seismic, Environmental and Wellsite

Land, marine and transition zone geophysical project Quality

Control, Technical & HSSE audit

Marine high resolution geophysical, geotechnical and hydrographic site investigation, planning management and QC

Environmental services (impact assessment, verification, mitigation and management)

Land access and permitting, including feasibility studies

Training services (geophysical operations, data processing,

HSSE, Environmental, Contracting, procurement and tendering)

Provision of Technical Professionals

Difficult terrain access, mountain support

UXO QC

Applied Geophysical Solutions

Geophysical work program development (survey design, modelling and optimisation)

Geophysical operations project planning and management

Bespoke seismic data processing, management & QC of production processing and field QC processing

GIS design and optimisation

Tendering and contract management

Consulting

Geophysicist – Seismic Interpreter

Geo-Hazard Interpreter

HSE Specialist

Petrophysicist

Geologist

Operations Geologist

Seismic Processing Geophysicist

Seismic QC/QA

Navigation QC/QA

GIS Specialist

Land & Marine Technical Audit

HSE Audit

Geosteering & Software services

MMO/MFO/PAM

Environmental Impact/Verification/ Mitigation/Management

Reservoir Engineer

Drilling Engineer/Manager

Drilling HSE

Well Test Engineer/Supervisor

Completions/Well Services Engineer/ Supervisor

Subsea Engineer/Supervisor

Training: Operations, processing, HSSE, Environmental, Contracting, Procurement & Tendering

Major Clients

Our clients are as diverse as the services we offer, from the oil majors to smaller companies, National Oil Companies and renewables.

Quality & Safety Standards

ISNetworld® RAVS PLUS PARTICIPANT

bsi

ISO 9001	ISO 14001	ISO 45001
Quality Management Systems	Environmental Management	Occupational Health and Safety Management
CERTIFIED	CERTIFIED	CERTIFIED
